Important information - General

This document has been prepared by Lombard Odier & Cie or an entity of the Group (hereinafter "Lombard Odier"). It is not intended for distribution, publication, or use in any jurisdiction where such distribution, publication, or use would be unlawful, nor is it aimed at any person or entity to whom it would be unlawful to address such a document.

This document is provided for information purposes only and does not constitute an offer or a recommendation to purchase or sell any security. It contains the opinions of the Lombard Odier Group, as at the date of issue. These opinions do not take into account individual investor circumstances, objectives, or needs. No representation is made that any investment or strategy is suitable or appropriate to individual circumstances or that any investment or strategy constitutes a personal recommendation to any investor. Each investor must make his/her own independent decisions regarding any securities or financial instruments mentioned herein. Before entering into any transaction, an investor should consider carefully the suitability of a transaction to his/her particular circumstances and, where necessary, obtain independent professional advice in respect of risks, as well as any legal, regulatory, credit, tax, and accounting consequences.

The information and analysis contained herein are based on sources believed to be reliable. However, Lombard Odier does not guarantee the timeliness, accuracy, or completeness of the information contained in this document, nor does it accept any liability for any loss or damage resulting from its use. All information and opinions as well as the prices indicated may change without notice.

Past performance is no guarantee of current or future returns, and the investor may receive back less than he invested.

The value of any investment in a currency other than the base currency of a portfolio is subject to foreign exchange rate risk. These rates may fluctuate and adversely affect the value of the investment when it is realized and converted back into the investor's base currency.

The liquidity of an investment is subject to supply and demand. Some products may not have a well-established secondary market or in extreme market conditions may be difficult to value, resulting in price volatility and making it difficult to obtain a price to dispose of the asset.

Switzerland: This document has been issued in Switzerland by Lombard Odier & Cie Geneva, a bank authorized and regulated by the Swiss Financial Market Supervisory Authority (FINMA).

United States: Neither this document nor any copy thereof may be sent, taken into, or distributed in the United States or given to any US person.

This document may not be reproduced (in whole or in part), transmitted, modified, or used for any public or commercial purpose without the prior written permission of Lombard Odier.
